ROOMS | COCKTAILS WITH A VIEW

In this Boca Raton residence, designers Ron Rickert of Affiniti Architects and Curtis House, ASID, have created a space that has ample privacy, yet is perfect for entertaining. The 14-foot-long serpentine bar follows the shape of the glass wall behind it, showcasing the negative-edge pool, which runs the width of the house and appears to drop off into the Intracoastal. Pendant light fixtures and abstract artwork add a contemporary edge. *Affiniti Architects, Boca Raton (561-750-0445, affinitiarchitects.com); Louis Anthony & Associates, Delray Beach (561-381-4322)*
