AN 18,500-SQUARE-FOOT HOME ON THE INTRACOASTAL WATERWAY IN BOCA RATON PAYS SPECTACULAR ATTENTION TO THE DETAILS.

This 18,500-square-foot British West Indies-inspired gated estate, at 250 NE Fifth Ave. in Boca Raton, was completed in 2007. It sits on a 1.8-acre waterfront lot, with over 200 feet on the Intracoastal Waterway, and has seven bedrooms (plus a two-bedroom guest house), nine total baths, a media room and a boat house. Constructed with attention to detail, the house's features include Tischler windows and doors, coral floors, Wolf appliances, custom mahogany railings and a pool with a 12-person Jacuzzi. Oh, and don't forget the sweeping water views from every room. \$18.9 million, furnished.
